Cokeville High School

APRIL 2023

SPRING READING PARTY

As a wrap-up to literacy week and this season's reading contest, Mrs. Pauni planned a fun glow-in-the-dark-themed party. Everyone wore neon or white shirts, and all of the decorations—even the plastic cups—glowed.

STATE ART

Eight of our art students attended state art in Casper from April 19-21. They all did very well and enjoyed seeing the exhibits from high schools across the state. On the left, Brodie Dean, a CHS tenth grader, stands next to his painting that won a Congressional Art Award. We're so proud of his achievement!

Newsletter prepared by the CHS Journalism class.

COMMUNITY FUNDRAISER

As a way to show support for a community member in need, our student body officers came up with a plan to have the wrestling team and the basketball team play an exhibition game.

Besides paying for admission, game goers could also pay for rule changes or advantages for one or more players. For example, one spectator paid for the b-ball team to play in socks for a quarter; another paid for a ref to do ten push-ups for every air ball. The community showed up in a big way, and it was a great night for everyone!

Above, Coach Linford, head of the wrestling team, poses with the high school basketball team. The coaches switched places for this exhibition game.

Mr. Hatch, head basketball coach, with the wrestling team.

MUSIC FESTIVAL AND LAGOON

This year, the High School Music Festival took place in Evanston, Wyoming, at Evanston High School. Cokeville took three groups to the festival: high school choir; high school band; and our show choir, Celebration. The groups performed well, and both choir and Celebration earned superior ratings. A few days later, the members of Celebration traveled to Lagoon amusement park in Farmington, Utah, and enjoyed a day performing and playing at the park.

Special thanks to Mr. Rose for his hard work and dedication! We will miss him next year!
