to-date information.

A Message From...

Dear Parents and Guardians,

I hope this message finds you and your family doing well. We are off to a busy and exciting start, filled with events, activities, and meaningful learning opportunities. As you know, Homecoming is just around the corner, and we are looking forward to celebrating the many traditions that bring our school and community together. In addition, we have several music and author events on the calendar. Finally, thank you for supporting our recent reunification process—it is a vital part of ensuring safety for our students.

With Homecoming, we greatly appreciate your involvement and support. It is always exciting to see yards decorated as we unite to honor our history and strengthen school pride. Thank you for supporting the D.C. Burgers fundraiser, which provides essential funds for our students' trip to Washington, D.C. We especially appreciate your support of the juniors as they work toward their final fundraising goals for this summer's trip. New this year, the Homecoming dance will be held on Saturday to allow students more time to make plans with their dates. We've also arranged for additional snacks and a new DJ—we are hopeful this will create a memorable and fun experience for everyone. Go Panthers!

October is packed with opportunities for both learning and celebration. On October 2, we will welcome the *Stand for Kind* band and hear their inspiring message, supported by grant funding. Juniors will take the ASVAB on October 7, an important tool that helps students identify their strengths, interests, and possible career paths. Our Fall music concert will be held on October 15, and students are already working hard to prepare—it promises to be an outstanding performance!

On October 27, nationally recognized author and speaker Kasey McCallister will present to our students during the day and host a parent night at 6 p.m. in the auditorium. Staff who attended his back-to-school professional development session were deeply inspired by his focus on resilience and embracing opportunities—you won't want to miss this chance to hear him.

Please remember that CHS offers many academic support opportunities. Mrs. Nate sends weekly updates with details about before-school tutoring, lunchtime help, daily supports, and Friday school. Encourage your student to take advantage of these resources, and please communicate with teachers if additional support is needed.

We also want to thank you for your cooperation with our reunification drill. Practicing this process early in the year has proven effective, and your feedback has helped us make important improvements. We appreciate everyone who remembered to bring identification, as well as those who have updated Infinite Campus emergency contacts. In a real emergency, these steps ensure law enforcement and assisting personnel have accurate information, even if they are not familiar with our community.

Finally, thank you for your continued support of your child's education. We know that balancing academics, activities, and family schedules can be both exciting and stressful at times. Your partnership and communication are essential in helping students grow and succeed.

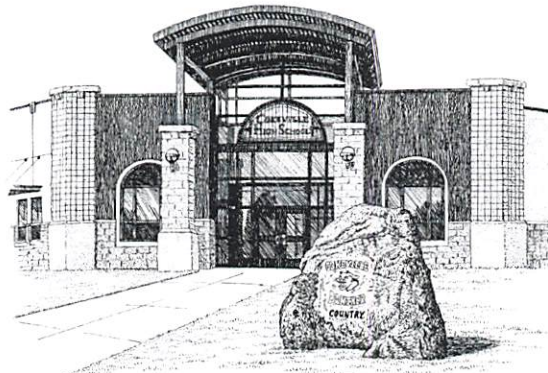

Sincerely, Kenneth Dietz
Cokeville K-12 Principal

A note from the Nurse - Happy October! As the weather gets cooler and cold & flu season begins, it's a great time to remind students about healthy habits—like handwashing, covering coughs and sneezes, and staying home when feeling sick. Please make sure your child comes to school with appropriate clothing for the changing temperatures, and don't forget to send in updated immunization records if needed. Stay warm and well! - **Alisa Pond**

Author Visit Kasey McAllister

In October we are doing some fun things in the library! We are going to have a display shelf with the genre of the month, which will be Horror, Thriller, Murder Mystery, etc. We will also have a display shelf with the new releases. If kids check a book out from the display shelves, read, and test on that book they will get a treat. We have also started our reading incentives for October and will be having our reading celebration on October 16th. To make it to the celebration, kids will need to read and test on, or write a test for, at least 2 books by October 9th. They will need to get at least an 80% on their tests as well. We will be doing a Halloween scavenger hunt for the celebration. We will also have a Guess the Book bulletin board up and kids can get a piece of candy for guessing the books right.

We also have the amazing opportunity to have Kasey McCallister come to our school as our author visit this year. He is coming on October 27th and will present to our students and staff from both CES and CHS. The presentation will start at 2:00 in the CHS auditorium. He is also going to do a book signing and answering questions in the library from 2:45 – 4:00. He will then present to the community from 6:00 – 6:45. This is going to be an amazing event for our schools and our community!

Cokeville High School wants you to stay connected:

Free and Reduced Meal Applications - <https://lcsd2.org/free-reduced-application-instructions/>

School Health Nurse - <https://lcsd2.org/student-health/>

Please note that changes to schedules and events are updated on these sites regularly.

A great way to stay connected is Infinite Campus and Canvas Parent Accounts. It is an easy way to stay involved in your student's education. It is important to keep these accounts updated so you will receive our communications. If you have misplaced your login or password information please reach out to Mrs. Nate and she can help you get back on.

If you would like to set up your Infinite Campus account, please create one at:
<https://lcsd2.infinitecampus.org/campus/portal/lincoln2.jsp>

Please see the following steps for pairing to your student's Canvas account(s)

Go to chs.lcsd2.org

Click on Canvas Link

At top right click on Click Here For an Account

Create your account with parent name, email and password

To get student pairing code your student logs into their account and follows these instructions:

Student log in

Click on Account

Settings

On right side click on Pair with Observer

At Student Pairing Code use the code provided from your student of contact Mrs. Nate Create account.

Once your account is created and you are in Canvas you can add additional students

On the left side click on Account

Click on Observing

Click on + student and add additional Student Pairing Codes
